APPLICATION FOR MEMBERSHIP AND FOR ELECTRIC SERVICE

The undersigned (hereinafter called "Applicant") here by applies for membership in and electric service from Bowie Cass Electric Cooperative, Inc. (hereinafter called "Cooperative") subject to and in agreement with the following conditions:

1. **FEES.** Applicant will pay all required fees including but not limited to, a membership fee, a deposit, applicable construction costs, customer service charge, and service fees such as a disconnect and or reconnect fees as may be necessary.

2. **TARIFFS and BYLAWS.** Applicant agrees to comply with and be bound by the Cooperative's Tariffs, provisions of Articles of Incorporation and By-Laws. Copies may be reviewed at the Cooperative's office.

3. **PAYMENT.** Applicant agrees to purchase from Cooperative and timely pay for electricity metered by a meter at applicant's facilities and shown on applicant's statement. Applicant understands that failure to do so will result in a late fee assessed to applicant's account and will cause discontinuance of service.

4. **EASEMENT.** Applicant grants the Cooperative, it's employees and authorized agents, the right of ingress and egress on property owned or controlled by the applicant as well as easement to construct, operate, remove, repair, and maintain electric facilities. The applicant also grants the same right of ingress and egress for the purpose of trimming, cutting, or otherwise controlling the growth of trees to keep them clear of the electric facilities. The applicant also gives permission for the installation of a Cooperative lock on a locked gate to permit unlimited access to the Cooperative's employees or authorized agents.

5. **SERVICE.** The Cooperative shall use reasonable diligence to provide a constant and uninterrupted supply of electric energy to the applicant's meter. The Cooperative cannot insure, guarantee, or warrant that it will provide adequate, continuous, or non-fluctuating electric energy at all times. The Cooperative is not liable for damages, costs, or expenses including attorney fees or legal expenses, caused by the Cooperative providing inadequate, non-continuous, or fluctuating electric energy unless caused by the Cooperative's gross negligence or willful misconduct. The Cooperative's responsibility and liability for providing electric energy shall terminate upon delivery to applicant's meter. Damage caused by energy that has passed through the meter is the responsibility of the applicant.
